The Hair & Beauty Zone offers treatments carried out by students. This is a training environment and treatments will be carried out by students under supervision, therefore services may take longer than usual. Due to the nature of the curriculum, not all of the treatments are available throughout the year. All new clients and first treatments of the academic year will require a 15–20 minute consultation prior to your appointment.

The Hair & Beauty Zone uses and recommends Dermalogica and Kaeso beauty products, L'Oréal shampoo and styling products, and Tigi styling products. These products can be purchased at the Hair & Beauty Zone reception.
